

Bio

Back in the late 80s and early 90s **Kelly Keagy, Mark Slaughter, Eric Martin, and the brothers Nelson** were all fronting their own hugely successful rock acts – **Night Ranger, Slaughter, Mr. Big** and **Nelson**. You may recall a few of their mega hits that are still in regular rotation in most rock radio stations – **“Sister Christian”, “Fly to the Angels”, “To Be With You”, and “After the Rain”,** just to name a few. Well, the decade may have changed but the music hasn’t, they are just bringing it to us a little differently these days.

SCRAP METAL is the ‘rock and roll rat pack’, a confederacy of multi-platinum artists from the 80s Arena-Rock generation who took over MTV and held the airwaves hostage for a decade. These ‘scraps” from all the various top bands create a surprising mix. *“You’ve got different people coming from different kinds of bands, but I think this really works – it fits well,”* says **KELLY KEAGY**.

SCRAP METAL was created by **GUNNAR NELSON**, who with twin brother **MATTHEW NELSON** was half of the hit 90s group **NELSON**, and **MARK SLAUGHTER** of 80s rock group **SLAUGHTER**. **KELLY KEAGY** from **NIGHT RANGER** helps to round out **SCRAP METAL’s** core group, along with **ERIC MARTIN** of **MR. BIG** who brings his trademark powerhouse pipes to the band. **SCRAP METAL’s** only similarity to other ‘supergroups’ is that it is a collection of superstar icons... but that’s where any similarities end.

“We’re all about the music, we’re about the fun, and we’re about getting people to have a good time – to forget their problems, to unleash a party that’s wild and crazier than they’ve ever seen and that’s the key,” enthuses **MARK SLAUGHTER**.

SCRAP METAL features all lead singers and front men who were ‘the’ voices and faces of rock’n’roll in America for the good-time rock generation. These are the actual lead singers of such #1 hits as **“Sister Christian”** (**NIGHT RANGER**), **“(Can’t Live Without Your) Love and Affection”** (**NELSON**), **“To Be With You”** (**MR. BIG**) and **“Up All Night”** (**SLAUGHTER**).

“It’s a ninety minute show with only hit songs performed by the original lead singers who sang them in the first place,” raves **GUNNAR NELSON**. **ERIC MARTIN** agrees, *“The fans get to hear me sing the Mr. Big songs, but they get more bang for their buck with ‘Scrap Metal’ and they love it!”*

SCRAP METAL is unique since concert shows always feature an element of surprise with special guest performances -- everyone from **Joe Lynn Turner of DEEP PURPLE**, to **C.J. Snare of FIREHOUSE**.

MATTHEW NELSON notes, *“What I like about the whole Scrap Metal philosophy – including my rotating in and out depending on what I’m doing, is you never know who’s going to show up!”* Visit **OfficialScrapMetal.com** for more info.
